超群卓越的品致，打造别具一格的格调

Business space is not only a workplace, but also a place to show taste and self-worth.

Young you are eager to be different, like the freedom of the sky, you must be eager to have a special desk, which is steady and outstanding, fashionable and elegant, unique...

The design inspiration of the Gaddi series comes from the curve shape of the rear of the car, which integrates the shape of the car into the product design, highlights the tension of the foot shape, and also uses the metal texture of the car to create a combination of strength and texture of high-end products.

The rhythm of Gaddi doesn't stop here. In the space of efficiency, it pays more attention to the user's feeling. The lines of the table top are round and soft, which echo with the steel foot modeling. The paint table top shows the quality. The baffle plate matches with the metal brushed MFC, which shows the business and the texture. While having the design and quality sense, it also has a higher cost performance.

Office and life, Gaddi, self-contained, full of tonality, professional to interpret the living and personality.

生活源于设计，设计来自于生活。此款文件柜的开门设计就是来源于冰箱的开门方式，衣柜柜门后面可以放置书籍等，内置挂衣杆。更有可活动隔板，方便储物。

Life comes from design, design comes from life. The door opening design of this filing cabinet is derived from the door opening mode of refrigerator. Books can be placed behind the door of the wardrobe cabinet, with a clothes hanging rod built in. More movable partition, convenient storage.

脚型设计灵感来源于汽车尾部的曲线造型，将汽车的造型融入到产品的设计中，凸显出脚型的张力，同时将汽车的金属质感运用其中；桌面的圆润又使得桌子更加雅致，整体线条流畅、大方，安稳中散发出灵动气质，充满浓浓的科技感与时代感的外表。

The foot shape design inspiration comes from the curve shape of the rear of the car, which integrates the car shape into the product design, highlights the tension of the foot shape, and applies the metal texture of the car; the roundness of the desktop makes the table more elegant, the overall line is smooth and generous, and the flexible temperament is exuded in the stability, full of a strong sense of technology and the appearance of the times.

会议桌的外观上延续了班台台面的造型，有着圆润的弧线和柔和的边型，钢脚也与班台一致；远观已心动，近触诱惑无可抵挡，会议不在沉闷。

The appearance of the conference table continues the shape of the executive desk, with a round arc and soft edge shape, and the steel foot is consistent with the executive desk; the far view has made you touched already, and the near touch temptation is irresistible, and make the conference not dull at all.
